~8 min walk Sheltered walkway		~3–5 min Same building complex		~5–7 min Escalator near Tealive	

1

Board the BRT Sunway Line

Take the BRT Sunway Line and alight at the SunMed station. The BRT Sunway Line is a dedicated elevated bus rapid transit serving Bandar Sunway. Buses run frequently during peak hours. You can board from Sunway Lagoon, USJ 7, or other stops along the line.

Travelling from KL or Subang? Take the LRT or MRT and connect via Grab or feeder bus towards Bandar Sunway, then board the BRT at the nearest available stop.

2

Alight at BRT SunMed Station

Get off at the SunMed BRT station. The station is elevated above ground level. Head towards the exit facing Sunway GEO Avenue — this is the exit away from Sunway Medical Centre.

Use the LEFT EXIT when facing outward from the bus direction. Lifts and escalators are available at the station.

3

Cross the Covered Link Bridge into GEO Tower

Follow the covered link bridge directly from the BRT station platform into Sunway GEO Tower. This is a fully sheltered walkway — no need to go outside or cross any road at all.

Walk straight ahead through the link bridge. You will enter GEO Tower at Level 1 or Level 2 depending on which escalator you used at the station.

4

Walk Through GEO Tower into GEO Avenue (Block A1)

Once inside GEO Tower, follow the ground floor corridor that connects GEO Tower to Block A1 of GEO Avenue. Look for shop signage along the way — you will naturally arrive at Block A1.

GEO Tower and GEO Avenue are interconnected. Walk along the covered corridor towards the cafe and retail row.

5

Take the Lift to Level 2 (L2)

Find the lifts in Block A1 of GEO Avenue and press Level 2 (L2). Metro iLab 3 is at unit A1-02-05 & 06, directly accessible from the lift lobby.

Look for Metro iLab signage near the lift lobby on Level 2.

1

■ Locate Your Starting Point

You may be starting from one of these ground floor landmarks in the GEO Tower or GEO Avenue complex: Flower Girl Cafe (A-1-10, Ground Floor, Block A), Shaklee (within the GEO Tower or Avenue area), or the GEO Tower main lobby. All are in the same building complex as Metro iLab 3.

If you are at Flower Girl Cafe or Shaklee, you are already inside Block A of GEO Avenue — the exact same block as Metro iLab 3!

2

■ Walk Along the Block A1 Covered Corridor to the Lift

From any of these starting points, walk along the Block A1 covered corridor and head towards the lift or elevator signage. The corridor connects GEO Tower, Flower Girl Cafe, Shaklee and all upper floors seamlessly.

Stay in Block A1. The lift lobby is within 30-50 metres from Flower Girl Cafe or Shaklee. Use the Block A / GEO Avenue lift — NOT the GEO Tower lift.

|

3

■ Take the Lift to Level 2 (L2)

Press Level 2 (L2 or Floor 2). When you exit the lift, Metro iLab 3 is at unit A1-02-05 & 06. Look for the Metro iLab signage directly ahead or beside the lift lobby.

If the lift is busy, stairs are nearby. Level 2 is just 1 flight up from the ground floor.

1

■ Park at Jaya Grocer Basement Parking (Block D)

Drive into Sunway GEO Avenue from Jalan Lagoon Selatan and park at the basement near Jaya Grocer, Block D. Park at any basement level B1, B2 or B3. Daily max: RM 10.00. Payment via Touch 'n Go or Credit/Debit Card.

B1 is closest and fills up fastest. Try B2 or B3 if B1 is full.

2

■ Take the Lift or Escalator Near the Parking Exit

From the Jaya Grocer basement parking area, head to the lift or escalator located near the parking exit. Follow signs for GEO Avenue or Block D. This brings you directly up to the ground floor level of Jaya Grocer.

Both the lift and escalator near the Jaya Grocer parking exit are clearly marked. Take either one up to the ground floor.

3

■ Walk Along the Retail Row Until You See Tealive

Once at ground level, you will be near Jaya Grocer at Block D, Ground Floor. Walk along the ground floor retail row, passing shops and cafes, until you find the escalator located near Tealive. Tealive is a bubble tea outlet and is a key landmark to look out for.

The retail row is a covered walkway. Keep walking straight along the shops. Tealive is a clearly visible storefront — the escalator is right beside or very near it.

4

■ Take the Escalator Up Near Tealive

Take the escalator next to Tealive. This escalator goes up directly to the upper floor of Sunway GEO Avenue where Metro iLab 3 is located at Level 2.

Once at the top of the escalator, look around for Metro iLab signage — it should be visible from the escalator exit.
